

ARJUN S.J

Dear team IEDC

I am writing to express my interest to be a part of the IEDC team. I had worked with the IEDC team in making submersible rechargeable torches during the flood time.

I have always wanted to be an entrepreneur and as a first step I have started a startup company named 'revolt' . Within these few month we have builded a team including students from all the four years. Our first product is a ' learning app ' named ' EDUPRO ' and we are going to launch it in the next week itself .

I believe that my skills would benefit IEDC in many ways. I hope that you will allow me to join the team .

Sincerely,

Arjun S.J
