IEDC TKMCE
TKM COLLEGE OF ENGINEERING
Karicode, Kollam

Dear IEDC TKMCE:

Myself, Nahla 2nd year student of Civil engineering department in TKM College of Engineering. Art is my passion and being creative is always my area of interest. I have been sincerely working as a part of design committee for various fests held at TKMCE. Also as an EXECOM member of ISTE TKMCE I have proved my ability by heading the design committee through the success story of ASTRA'20. I'm also a part of UNAI in our college also been into various activities of the same.

Creative thinking, organising, being responsible and motivational and above all proper decision making at crucial times is all what a leader must possess. I'm confident enough represent myself to lead a team for any betterments. Skillsets residing me are sketching pictures and crafting creative ideas, also I have been improving my software skills and digital arts.

Being in the IEDC Office Bearers, I understand my aim is to encourage innovative and entrepreneurship spirit among students and to support the budding entrepreneurs through Grants and to create an entrepreneurship flavor in the academic fraternity. I believe my skillset would help to promote an innovative driven entrepreneurship culture among students and thus would bridge the gap between industry and Academia.

IEDC TKMCE is a great platform to assemble my skills to bring about better changes in this organization, to improve my potentials moreover to build a strong network among others and to be part of Kerala Startup Mission. I would take this opportunity to bring out creative and innovative entrepreneurs by inspiring the creative team to more advanced and better work work using brainstorming sessions and through any kind of supports. Hereby I assure to work sincerely under the above mentioned role and to follow the rules and regulations .

Sincerely

Nahla V
