IEDC
TKMCE

13 May 2020

RE: Application for IEDC Excom 20 – 21

As a young and motivated individual I am extremely interested in submitting an application for the advertised excom 20-21 panel position.

As of May 2020, I am a 3rd year Civil Engineering B.tech Degree student. My time as a student at TKMCE has given me a range of practical capabilities that will meet the needs of this role. Responsibilities have been one of my driving forces and I look forward to accomplishing those assigned to me at IEDC. Technical knowledge along with the tactical skills that I have acquired can be utilised for the position.

I like to handle adversities and love to take up new challenges. I have been known to show great leadership skills. I believe that working as a team can help us achieve our goals faster. I would love to contribute my time, energy, creativity and skills to the team and motivate the team as a leader.

Entrepreneurship is one of my areas of interest and I would like to explore it through IEDC. IEDC is a platform that can help me achieve my targets and would be a very beneficial experience for my future endeavours. We are facing the possibility of an economic recession of proportions as never seen before which can be catastrophic for graduates of the upcoming years who will face tremendous decline in job opportunities and thereby financial burdens. IEDC can play a major role in tackling these issues and I would love to be a part of this initiative.

I believe in maintaining a balance between Academics, Sports and other co-curricular activities. Sports is my passion and taking part in it gives me great pleasure. I like to draw motivation from people around me and it helps me reach new heights.

Major Achievements in college

- Have conducted various programmes under the banner of Civil Association from first year.
- 1st year IV Coordinator
- Year Head and Technical Committee member of Crescita '19
- Programme Committee Hestia '19
- Coordinator for International Consortium on Global Climate (ICGC) 2019
- One of the Coordinators of All India Trip

- Student Head, Institution of Engineers India Civil Chapter TKMCE (3rd year – present)
- Year Head and Finance Committee member of Crescita '20
- 3rd year IV Coordinator
- Programme Committee Hestia '20

Major Experiences in College

- Internship under Bluebox Architects Kochi (2018)
- Swatch Bharat Summer Internship (2018)
- Internship under Asset Homes (2019)
- Participated in Flood Level Mapping Project of Kerala Water Authority as part of post flood rehabilitation work of Kerala Government (2018)
- Participated in various workshops and technical events of numerous college fests of South India

Thank you for your time. Looking forward to hearing from you.

Best Regards

Devadath V S
